## HOW DID I GET HERE?

My goal is to work on projects I can be proud of, an idea or staple that displays my willingness and talent accurately. Above all else, I strive to improve with every project, overcoming challenges and persevering through adversity. Failure is apart of life, and learning from them is the first step to improvement. "Dude, suckin' at something is the first step to being sorta good at something" - Jake the Dog.

## EXPERIENCE

2022 – present full time	<b>3D Modeler/Product Designer/PCB Engineer</b> Designing and editing 3D models for manufacturing. Design integrated circuit PCBs for product lineups. Design & fix 2D CNC files. Operating CNC & 3D Printer (FFF, FDM, SLS, SLA, & DLP).	<b>Haunted House Creations</b>
2019 – 2020 part time	<b>Sales Rep</b> Worked in both stock and sales in a smaller retail source store. The pandemic cut my experience short.	<b>The Source</b>
2016 – 2018	<b>Assistant Director and Camp Counselor</b> Assistant director of a swim instructing camp for the Town of Aurora.	<b>Town of Aurora Summer Camps</b>
2014 – 2018 part time	<b>Lifeguard / Swim Instructor</b> Lifeguarding and swimming instructing for the Town of Aurora during high school all year round and summers in university.	<b>Town of Aurora Pools</b>

## EDUCATION

2016 – 2022	<b>Bachelor's Degree in Computer Science</b> Studied a bachelor of Computer Science at Carleton university focusing on software engineering and neural networks as my fourth year study.	<b>Carleton University</b>
-------------	---	----------------------------

## SOCIETIES

2017 – 2019	<b>Internal Director</b> Organized several Carleton University hackathons with the CU-Hacking Team as the internal director for logistics, resource management, and event planning.	<b>Carleton University Hacking Team</b>
-------------	--	---

## LANGUAGES

**English** - native  
**German** - rudimentary

## HOBBIES

Writing scripts to solve mundane issues like converting a directory of pdfs into one pdf. Building hardware solutions to things nobody asked for, like a new computer or synthesizer that I want to play.
